The math itself is not hard, but the GMAT often obscures information or hides information in the question stem or individual statements to try to trip you up. For more in-depth GMAT tips and tricks for each question type, check out our guides to the best tricks for the Verbal section and the Quant section.

Almost all business programs post class profiles with information about the You can do this by searching the class profiles for the most recently admitted students in a given year. Keep up the good work! Calculate about how long each question should take you in each section of the GMAT.

First, you can only see one question at a time, but there will be three or four questions. I changed my strategy and spent more time on the first question reading the entire passage carefully while actively looking for the STOP elements of Structure, Tone, Organization and main Point.
