So, if you're going to read anything by Plum-Ucci, I recommend Oh Dear, My To-Be. Once events started Streams of Babel they really took off and had me eagerly flipping page after page. Their teen-aged children along with another neighbor display symptoms that seem like the flu and yet are not the flu. This is a very effective way to tell the story, since no one character has the whole story--something that Shahzad finds increasingly frustrating and causes him to take serious risks. The story is completely believable, and the computer jargon never gets so tedious. Six sick teens are moved to a house in a rural area, where they can be watched by doctors and nurses from around the world, and not be watched so much by the public.
