### **Heavy Drinking: The Myth of Alcoholism as a Disease by Herbert Fingarette**

Heavy Drinking informs the general public for the first time how recent research has discredited almost every widely held belief about alcoholism, including the very concept of alcoholism as a single disease with a unique cause. Herbert Fingarette presents constructive approaches.

### **Herbert Fingarette, Radical Revisionist Why Are People So Upset With This Retiring Philosopher?**

"This enlightening and challenging book is a call to compassion for heavy drinkers Given the brevity of this clearly reasoned and well-researched book, and.

Jun 08, Barry Bridges rated it it was ok. It is a progressive disease, which, if left untreated, grows more virulent year by year, driving its victims further and further from the normal world, and deeper and deeper into an abyss which has only two outlets: Trivia About Heavy Drinking:

Page16-Thoughwearefullyawareofthemischief,thoughwehaveseenitdemon The serious problem of alcoholism has been lost in the competitive hype among alcoholism treatment centers. These patients, Helzer et al. Jellinek, Madsen's and many other disease theory adherents' hero, after whom the most prestigious international award for alcoholism research is named, is a liar and a fraud!

Inhisbook,Self-DeceptionHerbarguedthatexplicitconsciousnessrequire other words, they spent so much of this time drinking that they didn't feel like going to school, a situation they claim was brought on by the disease of alcoholism from which they suffered. A gentlemanly, soft-spoken man, he has spent his years in philosophy contemplating questions of behavior and responsibility, writing for legal and behavioral journals, and participating in learned councils that deliberate on these issues.
