He often skipped class to explore the library, and once he even spent the night among the shelves. Indeed, Chapman reveals that the whole of Foote's novels and historical narratives serves as a refuge from deeply ambiguous feelings. After their divorce, Foote followed Peggy back to her native Memphis, Tennessee. Foote matriculated at the University of North Carolina in but thought his courses boring and dropped out after his second year. Regardless, though Foote had no formal training as a historian, Cerf offered him a contract for a work of approximately words.

The work received generally favorable reviews, though scholars criticized it as the sort of classic southern story of family decline and displacement that obsessed William Faulkner. He scorns northern extremists, blames the abolitionists for provoking the war, and has a fondness for the murderous cavalry exploits of Nathan Bedford Forrest, whose granddaughter he met as a boy, and who permitted him to swing Forrest's sabre above his head.
