German is likely to continue to play an important role in the multilingual future of Europe. The language-based nature of these nation-states brings to the fore longstanding ethnolinguistic tensions and disputes over minority rights which may result in new post-Communist nations of Central and Eastern Europe splitting up into more and more separate entities. Some were neologisms but most were characteristically Austrian words, among them dialect expressions employed in Austrian literature written in Standard German.

The dictionary also reflected the flexibility in gender usage in ASG see below. Dialect is also permitted but is used by few parliamentarians. To explain gender differences it is obvious to examine the construction of gendered personalities through socialisation. Stylistic variation takes place between final [ik] and [iq] in words spelt -ig, e.

While the incidence of a knowledge of English was almost identical among those reading the news in Standard German, broadcasters stress that they are not taking responsibility for the content. Some of these adjectives are gender-neutral like great or terrific, others like divine or lovely are restricted to use by women.
