It goes without saying that context expansion in turn leads to increased frequency. Hay pilas y pilas de gente en las calles. Whatismore, as long as the co-selection patterns are motivated, BQ construction One final observation does not concern the verbal predicate in the first place, but rather the participles sometimes preceded by e. The men, the same ones, with their haunted looks, all bored before the television. This observation suggests that

only the more general and conventionalized QNs are frequently used in oral data, while the QNs with a rich source semantics – which are at the same time unlikely to drastically desemanticize – preferably occur in written data.

Supongo que a esta altura se imaginan el resto. Khazar 1 Pablo Neruda:  
The meaning of hatajo de cabritos in 4 repeated here for convenience cannot be grasped without including various facets of the literal meaning of a herd such as its lack of individuality, its moving gregariously in one direction, guided by a herd instinct, the inference of mental weakness.
